Sandeep Khosla [1]

MD, FACP, FCCP, FACC, FSCAI

Dr. Sandeep Khosla is a board-certified interventional cardiologist. He is the chief of the section of cardiology and director, cardiac catheterization laboratories and endovascular therapeutics at Sinai Health System since 1998. He is also a professor of medicine and serves as the program director for adult cardiovascular disease and interventional cardiology fellowships at the Chicago Medical School. Dr. Khosla previously served as an Assistant Professor of Medicine at the University of Chicago Hans Hecht Cardiac Catheterization Laboratories of the Pritzker School of Medicine prior to arriving at Sinai Health System.

Dr. Khosla is a Fellow of the American College of Cardiology, the Society for Cardiac Angiography and Interventions, the American College of Chest Physicians, and the American College of Physicians. He has won numerous awards and honors for excellence in clinical medicine and research. He has authored and/or participated in the development of over 100 scientific abstracts and papers for presentation at national and international meetings and has authored or co-authored over 75 articles published in peer-reviewed professional journals and has contributed authorship to two textbooks in cardiovascular medicine and pharmacology. He is currently conducting clinical research in several fields of cardiovascular medicine and has served as principal investigator in 14 national and international clinical trials. He serves on the editorial boards of several scientific journals and educational societies and is a frequent invited speaker nationally and internationally.
